

# KUDOKE 2 BAUHINIA LIMITED EDITION

---

EXCLUSIVELY CURATED FOR

A WATCH CO.

Bauhinia as city symbol of Hong Kong is a flower that blossoms in various different colors. Inspired by this orchid Stefan Kudoke and his retail partner, A Watch Company, present the **KUDOKE 2 Bauhinia Limited Edition**, a one-off exclusive 10 pieces limited edition for Hong Kong.

Within the KUDOKE 2 Bauhinia Edition each timepiece features an iridescent **Tahiti Mother of Pearl dial**. This natural treasure combined with Kudoke handcraft & artistry make each watch unique in its details.

Depending on lighting conditions the different layers of the dark Mother of Pearl either reflect or transmit white light resulting in a shimmering canvas of green, purple, blue and bronze for the rotating **domed Sky-disk at 12 o'clock** indicating the hour of day or night.

The dark theme is continued at the hand finished caseback, where the floral relief engraving of the movement bridge as well as the balance cock with its infinity symbol are wrapped in a layer of black rhodium.

Not to be missed is the small detail, this Edition owes its name to: the **hand-engraving of the Bauhinia blossom** just underneath the logo plate.
